	<p>This is an oversight. Neither curriculum map should have indicated a <i>requirement</i> for any specific G course. Changes made in degree maps now indicate a recommended student choice for GAH 2373 Intro to American Studies with no requirement to take it, in line with previously-approved concentration maps.</p> <p>The reason for this recommendation is that students can declare the concentrations at any time, but cannot take dual degree qualifying courses until 96+ credits. It would be advisable for interested students to explore American Studies before commencing with the 4+1.</p>
