DEAN OF THE SCHOOL OF BUSINESS
Support for 3 Undergraduate
Concentration to Degree Proposals

Dr. Elizabeth Pollock, Chair
Academic Programs and Planning Committee
Stockton University
101 Vera King Farris Drive
Galloway, NJ 08205-9441

Dear Dr. Pollock:

I am writing to provide my endorsement of the three-undergraduate concentration to degree proposals being presented by the School of Business, supporting Bachelor of Science degrees in Accounting, Finance, and Business Analytics.

The School of Business is pursuing these degrees for several reasons. In recent years, alumni, students, and faculty within the Business Studies program prevents the capturing of the value of these degrees as referenced by potential students and employers.

Accounting, Finance and Business Analytics will provide several additional opportunities for graduates, potentially growing enrollment in the disciplines, and providing the curricular flexibility to meet the changing needs of the disciplines, and including enabling these degree's to be included in comparative studies at other institutions.

¹ These sentiments have been expressed to Business Studies faculty members in a number of settings, including during meetings of Stockton's Business Advisory Board and the recent Presidential Task Force on a Strategic Pathway to Achieve Stockton University's Goal for Business and Hospitality Excellence in Atlantic City. See, e.g., Stockton University, "Presidential Task Force on a Strategic Pathway to Achieve Stockton University's Goal for Business and Hospitality Excellence in Atlantic City" (2020), <https://www.stockton.edu/academic-affairs/task-force/documents/presidential-school-of-business-task-force-report.pdf>.

Finally, each proposal clearly indicates that there will be no immediate need for additional faculty, staff, or administrative resources to support these proposals. However, additional program chair compensation is recognized. Consequently, Program Chairs selecting their course release options could lead to the hiring of additional adjuncts.

Respectfully,
