

Academic Programs and Planning (APP) Committee
Feedback and Response Form

Thank you for your submission of the proposal titled

Fall semester two potentially low-stakes undergraduate courses (depending on what the student chooses) are together with 3 graduate courses.

Finally, students will also have the option to take one or more courses in previous summer sessions to alleviate the workload of future semesters or choose to graduate in 5 years and one semester.

l On p. 5, the table for fifth year fall/spring says 12 crds but only 3 classes at 3 credits per semester are listed
