

Bulletin Program Description:

The Community Leadership and Civic Engagement (CLCE) concentration is an interdisciplinary concentration within Stockton's existing Bachelor of Arts in Liberal Studies (LIBA) degree. It is designed for students interested in becoming leaders and shapers of community, governmental, cultural, environmental, or humanities-based institutions. It incorporates a core set of General Studies classes with a range of disciplinary courses across the university that allows students to operationalize their LIBA learning plan in community-engaged ways. Through a combination of courses, service learning, independent study or internship experiences, students can take advantage of experiential learning opportunities in Atlantic City and County, translate academic learning into real-world experiences, and develop the knowledge, skills and values central to community leadership and engagement.

REQUIREMENTS

The CLCE concentration under LIBA requires students to take two courses required of all LIBA students. (Note: both courses have cognates in the CLCE curriculum.)

GEN 1032/2250 Introduction to Liberal Studies

GEN 2248 Perspectives on Civic Engagement OR GEN 3851 Service Learning

Students in the LIBA CLCE concentration will work closely with their preceptors and f p Tw1.B.9 (f Tc -0.002 Tw 0.554
