'American Denial' Film on Racial Bias Research**

-Continued from page 1-

The film considers whether, 70 years later, America is still living in a state of denial, in an era
nt.

American Denial sheds light on the unconscious political and moral world of Americans, using archival footage, newsreels, nightly news reports and rare southern home movies from the 1930s and 1940s, as well as research footage, websites and YouTube films showing psychological testing of racial attitudes.
