of Stockton University on Dr. Harvey Kesselman**

-continued from page 1 -

“Not only has he served Stockton in many leadership roles over the years, Dr. Kesselman is a Stockton graduate - Class of '79. His dedication to higher education and to the Stockton community over the years has made him a national figure in educational circles, and a Stockton icon.

“We are sorry to see him go, but pleased that he has this opportunity.

“Our gratitude and thanks go with Harvey as he embarks on this excellent new challenge and we wish Harvey and his wife, Lynne '82, a wonderful future.”
