Galloway, NJ – The Stockton Center on Successful Aging will host the Aging Successfully Festival from 10:00 a.m. to 2:00 p.m. at the Stockton Campus Center, 101 Vera Avenue, Stockton, NJ.

The daylong event celebrates the 25th anniversary of the Americans with Disabilities Act. This year's theme is "Empowering Americans to take charge of their health, getting the most out of their lives and the lives of others."

Last year's event drew over 1,000 people and featured presentations and visits to local businesses and organizations.

The festival offers non-profit organizations an opportunity to greet current and potential clients through the event and Stockton Center on Successful Aging (SCOSA) will build relations with Stockton County and SCOSA, whose mission is to provide information and resources to the aging population.
