Galloway, NJ - Tuition and fees for the 2015-2016 academic year and the summer of 2016 were held to a 2 percent increase by the Stockton College Board of Trustees.

The needs of our students, including the financial challenges faced by many students and their parents, are always foremost in the minds of Stockton College staff, said Acting President Harvey Kesselman. We have worked hard to manage and expand fundraising for scholarships, to minimize increases while providing an excellent Stockton education.

For full-time undergraduates who live in New Jersey, the flat rate tuition will increase by \$81.07 per semester to \$4,134.64.

Stockton's flat rate tuition program enables full-time students to take courses and pay the same rate. Students who take part-time courses pay thousands of dollars in the cost of classes and housing or commuting.

Educational and general fees were also held to a 2 percent increase, which for an in-state, full-time undergraduate is a rise of \$35.43, to \$1806.79. The facilities fee will rise by \$9.19 for undergraduates, to \$468.51.

For full-time post-baccalaureate, master's and post-master's students, the increase is 2 percent.
