

Joseph Marchetti, professor of education who has held numerous student-oriented roles at Stockton in a career spanning three decades,

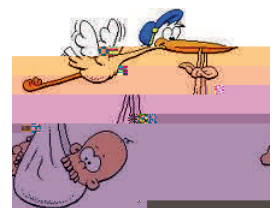

Stockton alum Dan McMahon was kind enough to send us photos from his climb of Mt. Kilimanjaro, the world's tallest free-standing mountain and the highest mountain in Africa at 19,341 feet above sea level.

McMahon says that the climb was "the hardest physical thing I have ever done," but claims it was "worth every step."

McMahon was part of Stockton's first graduating class and the first editor of the *Argo*.

For the third consecutive week, the *Stockton Times* has the pleasure of announcing an addition to the College community.

Brian Pluchino, professional services specialist in the Office of Alumni and Development, and his wife Mora recently celebrated the arrival of their first child, a daughter. Nina Cate Pluchino was born at 11:31 pm on May 16. She weighed in at seven pounds, 13 ounces and measured 21 inches long.

"Mommy and baby are doing well... as is Daddy," said Alumni and Development co-worker Yubi Pena.

Please join the *Stockton Times* in congratulating Brian and Mora on the happy arrival of their beautiful baby girl.

The 4th Annual Legacy Fund Bike Ride will be held on Saturday, June 16, with an 8:00am start (rain or shine).

The Ride benefits the G. Larry James Legacy Fund supporting scholarships for deserving students. Riders of all capabilities are welcome to participate.

Last week's edition included the incorrect date for the Steering Committee approvals for the latest proposals for Stockton's 20/20 Strategic Plan. The proposals were actually approved on May 9.

We regret the error.

Portions of Vera King Farris Dr. will be closed for approximately two weeks for future campus infrastructure needs. Sections of the roadway may be reopened as the work progresses.

The main campus will be accessible from Jimmie Leeds Rd. and detouring along Louisville Ave. into Lot 7. The Facilities and Plant Operations Bldg., Campus Police and Housing I, IV and V will be accessible from the Pomona Rd. entrance during construction.

We want to know about things going on in the Stockton community. Do you have an unusual hobby? Did one of your co-workers win an award or perform outstanding public service? Births, weddings, graduations and the like are all good things to submit to the Stockton Times.

Contact Editor Tim Kelly at (609) 652-4950 or e-mail Stocktontimes@stockton.edu.
